Student Senate schedules regular meetings

The Student Senate plans to hold meetings this term on Wednesdays, 11-11:50 a.m. in room 161. Mike Young, President of the Student Senate, said that 91-92 budget, CTC applying for community college status, and the serving of alcoholic beverages on campus will be discussed during these meetings.

At the March 14 Senate meeting the agenda included discussion of the proposed CTC budget for the 1991-92 Fiscal year, and the possibility that CTC may seek community college status.

At that meeting Trent Martin, acting president in the absence of Mike Young, talked about his concerns that some of the proposed budget cuts were not in the best interest of the students. Mike said that some of the monies have been reinstated. Further information on this topic will be provided at the next Student Senate meeting.

At the March 14 meeting the Senate began discussing the possibility of CTC's applying for community college status. According to Mike, the Senate plans to conduct a survey to determine where the students stand on the issue of CTC becoming a community college. After the survey the Senate will then make an official recommendation to Dr. Long.

A new item on the Senate agenda will be the discussion of the serving of alcoholic beverages at some events on campus. Mike said that the Senate is

requesting from Dr. Fooks, Vice President of Student Services, a written statement of policy regarding this issue. According to Mike, the Senate is interested in serving alcohol at some of the Senate sponsored events.

Mike said that the Senate still needs more Senators to represent more effectively the students of CTC. Interested students can contact Coach Hurley in the Student Activities Office (room 146) or leave a message for Mike in the Student Senate Office (room 16).
