WordPerfect 5.1 by Margaret Bauersfeld

There are many great features contained in WordPerfect 5.1. Some of them are underline, double underline, BOLD, BLOCK, SMALL CAPS, fine, small, large, very large, italics, shadow, strike-out, and much, much more.

Whatsmore, it's so much fun to just be able to press a key or a combination of keys to do any or all of the above.

WordPerfect 5.1 is offered at C.T.C. and is a 10-week course, every day for one hour. And the perfect joy of it all (for me anyway) was to have the assistance of a tutor for free. So, as you can see, there is no excuse for turning in late assignments, or getting hung up in a snag, because your tutor can walk you through it all.

So, don't be intimidated by what looks like a very complicated piece of office equipment; the PC (Personal Computer) is user friendly and as my instructor put it, "Computers are the dumbest thing they ever made; they only do what you tell them." How true it is. I've been there, and I know just how wonderful the PC really is.

For all their help and support while taking the course, I want to thank:

Sharon Brown - Teacher of WordPerfect 5.1

Mike Trubl - Tutor on the Mezzanine

Debbie Greenlee - my Mezzanine Mentor

Karen Neuhaus, Marcia, Gary, Jon, Russ, and all those in the Media Center

Susan Flanagan in Purchasing, and my husband Ed.

This truly was a "learning experience."

Thanks C.T.C.
