America The Beautiful

O beautiful for spacious skies/For amber waves of grain.
For purple mountain majesties/Above the fruited plain.
America! America! God shed His grace on thee,
and crown thy good with brotherhood from sea to shining sea.

O beautiful for patriot dream/That sees beyond the years.
Thine alabaster cities gleam/undimmed by human tears.
America! America! God shed His grace on thee,
and crown thy good with brotherhood from sea to shining sea.

Music provided by Polished Brass.

Commencement Program

The Procession.....	The Candidates for Degrees and Certificates The Faculty and Administration The Presidential Party and The Board of Trustees
Presiding	Monica Posey, Ed.D. Academic Vice President
Prayer & Mediation.....	The Reverend Father Reynaldo F. Taylor Parochial Vicar St. Peter's Catholic Church Huber Heights, Ohio

Summa Cum Laude 3.90 - 4.00 (Gold honor cords)

Graduates of the Honors Experience wear green honor cords.

House/Bruckmann Faculty Excellence Award Winners Crystal Bossard and Andrea Cheng

Crystal Bossard is program chair of the Early Childhood Care and Education (ECE) program, one of the most successful academic programs at CS. The program includes 300 registered students and hundreds more in the pipeline. Under her leadership the program was approved by the Ohio Department of Education Office of Educator Preparation. ECE students are now eligible for scholarship funding provided through the "Step Up to Quality" program, a state initiative, and through *No Child Left Behind*.

Ms. Bossard's contributions include leading one of the Ohio Board of Regents Transfer Agreement Teams. She is a licensed social worker, a licensed certified dependency counselor and a disaster mental health worker. She uses knowledge in these areas to build new certificates and courses at Cincinnati State.

One statement from Ms. Bossard that best describes her is, *"I do everything possible to assist my students. Some have overcome so many hardships, but they still keep on trying. When they begin to grow and succeed, I rejoice."*

Andrea Cheng is an instructor in Developmental Education. She teaches basic writing and English as a Second Language. She is an advocate for the College's international students, helped form the International Coffee Hour and serves on the International Student Advisory Board.

Ms. Cheng is an acclaimed author of Children's books, winning numerous awards such as the Parents' Choice Award, 2001 Honor Book, 2001 Society of School Librarians International Best Book Award, 2003 starred review in **Publisher's Weekly**, Bank Street College Best Children's Book of the Year, Selection for Cincinnati's Citywide Reading programs, and a New York Times Bookshelf Review

A letter from a Brazilian student describes Ms. Cheng well: *"I would like you know that you were very important person in my life. You helped me in the time that people didn't believe that I could get my dream. I came to the United States without understand English and now, after six months, I am going to college."*

2007 Distinguished Alumna Gretchen Langdon ' 86

When Gretchen Langdon graduated with an associate's degree in Medical Lab Technology (now Clinical Lab Technology) from Cincinnati State in 1986, she already had a BA in Biology from Antioch College. With the knowledge gained from these two degrees, Gretchen would go forward to a career that has made an important impact on international healthcare.

Ms. Langdon's first employment was with University Hospital as a clinical laboratory technician. Her work with the Obstetrics and Gynecology Department and the Molecular Research Center would eventually lead her to Brown University's International Health Institute where for the next five years she distinguished herself in international laboratory research and clinical laboratory management through the establishment of a clinical field lab in the Philippines. Through various research projects, Ms. Langdon has furthered the treatment of patients with parasitic infections, specifically women and children in underdeveloped parts of the world.

Ms. Langdon is the co-author of over 30 articles and abstracts including numerous articles in the Journal of Tropical Medicine and Hygiene. She is currently the Ft. Hamilton Hospital Lab Manager for Quest Diagnostics. She was instrumental in partnering Quest Diagnostics as a co-op employer for Cincinnati State Clinical Lab Technology students.

Academic Dress

From the costumes worn in the academic procession one can tell the level of degree (associate's, bachelor's, master's, doctor's) the wearer has earned, the field of learning, and the institution that granted the degree. The costume consists of cap, gown and hood.

The usual cap is a square black mortarboard with a black tassel; the doctor's cap has a gold tassel. The gown is also normally black. Associate's, bachelor's and master's gowns are relatively plain and closed in front; the doctor's gown is cut fuller, is open in front, has velvet panels down the front, and has three velvet bars on the sleeves. The panels and bars are usually black.

The hood, patterned after the medieval monk's hood, goes over the shoulders and hangs down in back. The hoods for the three degrees vary in length from the bachelor's the shortest, to the doctor's the longest. The velvet border shows by its color the field of learning; the most common are: white - arts, letters, humanities (usually seen in honorary doctor's degrees); dark blue - philosophy (the most common in doctor's hoods); purple - law; scarlet - theology; green - medicine; golden yellow - science. The same colors may be used in the panels and bars of the gown. The most distinctive part of the costume is the silk lining of the hood which bears the official colors of the institution granting the degree.
